VILLA ON THE WAR PATH IN THE STATE OF CHIHUAHUA

Captures a Train and Makes Captive and American, the Engineer--- Threatens to Take More Trains

Passengers Were Robbed and Some Were Execut- ed--Villa Burned Train

(By United Press)
Washington, March 8--Francisco Villa is "on the war path" in Chihuahua according to official dispatches received today. On March 4 he captured a train near Chihuahua and kidnapped Joseph Williams, an American engineer. He made a speech threatening to take other trains and towns in that section. A state department message received today said Williams is held for ransom.

The attack on the train was made by a force of 150 armed men under the personal direction of Villa, according to the state department. A number of people on the train were killed by the bandits although there were no reports of injury to Americans.

R. W. Black, American salesman, and Robert Peletier, another American, were robbed. The train was burned.

Black gave the following account to James B. Stewart, American consular agent, at Chihuahua City:

"Two explosions derailing the engine; about half of the guard of fifty were killed in the fight; two train conductors were executed; a Syrian was hanged and about five Mexican passengers attempting to escape were shot. Joseph Williams, an American, was carried off for ransom. While I and Robert Peletier, another American, and all other passengers were robbed and set free. The entire train was looted and then burned."

Report is Confirmed

El Paso, March 8--The report of the capture by Villa of Joseph Williams, American citizen, and held for a ransom of \$50,000, was reiterated today by passengers on the ill-fated dynamited train near Corralitos last Thursday. A few survivors reaching here stated Villa with all of three hundred well mounted and well armed followers killed twenty soldiers of the guard, two Mexican trainmen and several Mexican passengers.

Women Wanted to Hear Objectionable Testimony

(By United Press)
Minneapolis, March 8--"This testimony is going to be objectionable; will the women please leave the court room?"

Not a woman moved from her seat when F. Olson, assistant attorney aiding in the prosecution of Oscar Lindgren, charged with the brutal murder of Mrs. Madelyn LeCount, announced that the testimony would be unpleasant.

Upholds Conviction of Socialist Officials

Washington, March 8--The supreme court today upheld the sentence to prison of from twelve to thirty months all officials of the Albany, New York, local of the socialist party, for distributing propaganda to obstruct war work.

Bad Fire in South St. Paul

St. Paul, March 8--Fire threatened the business section of South St. Paul Sunday with an explosion cutting off electric power at the water pumping station. Shortly afterward the water supply ran low. Aid was called from St. Paul and after five hours strenuous succeeded in extinguishing the flames. The loss is estimated at \$50,000 to business buildings.

JEROME A. MYERS

Jerome A. Myers, director of the Constitutional league, at his office in New York. The league is to put a copy of the United States Constitution in every one of the 20,000,000 homes in America and to endeavor to explain thoroughly the Constitution to all in the country, to promote Americanism and better citizenship.

Minnesota Wins in Boundary Contest

U. S. Supreme Court Decides in Favor of Minnesota's Claims in St. Louis Bay

(By United Press)
Washington, March 8--The state of Minnesota today in the supreme court won its suit against Wisconsin over a boundary line between the states in the St. Louis Bay. Valuable mining, docking and manufacturing property is included in the area claimed by both states under the joint legislative boundary commission who disagreed in attempting to fix the boundary before appealing to the supreme court.

Wisconsin May Have to Refund

St. Paul, March 8--Wisconsin may have to refund taxes collected during the last thirteen years from companies operating coal and iron docks on the Duluth bay as a result of the decision of the supreme court today. Last October Minnesota began action in the United States supreme court to determine whether Minnesota or Wisconsin should collect taxes on stocks and land at the mouth of the St. Louis river. The court decided the docks were in the middle of the bay which brings all property to Minnesota. Suit to recover taxes may be brought shortly by Minnesota.

War Taxes Must Continue

Leaders of Both Parties in Agreement on This Question to Pay War Expenses

HERBERT WALKER
(United Press Staff Correspondent)
Washington, March 8--War taxation must continue, republican and democratic leaders in the house in charge of revenue legislation declared today. No reduction can be made by congress this year they asserted. Republican Leader Mondell, and Democratic Leader Kitchin, the framers of the present law, joined in stating that the provision of former Secretary of Treasury McAdoo, for a billion dollar reduction in taxes and the flotation of a national bond issue to make up for loss in revenue, is impossible at this time. The high taxes must be continued to meet a war overhang of three billion floating indebtedness, they believe.

President Holds Out for Justice for Jugo Slavia

(By United Press)
Washington, March 8--President Wilson is determined to hold out for Jugo-Slavia, according to the interpretations placed today by officials upon the president's reply of March 4 made public by the state department.

The president rejected the invitation of Premier Lloyd George and Millerand to join them in proposals to Italy and Jugo-Slavia to negotiate directly between themselves on adjustment of the Adriatic question on the basis of withdrawal of the proposal of Dec. 9 which was subscribed to by the United States and all other powers of the allies.

Senate Limits Debate on the Reservations

So as to Reach Article X Quickly--
Lodge Makes Motion--Demo-
crats Consent

L. C. MARTIN,
(United Press Staff Correspondent)
Washington, March 8--The senate today agreed to limit debate on reservations so as to get quickly to Article X.

Unanimous consent was granted to limit debate on all remaining reservations except that on Article X, and the one on voting power, to two minutes from each senator.

Senator Lodge asked for the unanimous consent for agreement at the request of Senator Borah, leader of the republican "bitter enders." In consideration of the agreement, Borah withheld his motion to proceed at once to consider the Article X reservation, which they said early last week would be made today.

There are but four reservations covered by the agreement. Democratic senators made no objection to limiting debate.

Wilson Will Make Statement of Position on Article Ten

(By United Press)
Washington, March 8--President Wilson today will make a final statement of his attitude toward the Lodge reservation on Article X and other controversial points of the treaty, it was announced at the White House.

Street Car Men Battle with Bandits

Try to Rescue Night Watchman and Are Greeted With Shower of Bullets

(United Press)
Minneapolis, March 8--Three men were wounded early today in a battle with bandits who robbed the safe of the Modern Milk Co. of \$50.

A Nicollet Avenue "Owl" car at 2 o'clock this morning missed a regular passenger at 27th street who had ridden the car for several years. Knowing he was a night watchman they started to look for him.

They saw two men dragging him into the milk company office. Arming themselves with switch rods the motorman and conductor followed. When they reached the office a shower of bullets greeted them. Ole Walgren, motorman, was wounded in the abdomen. Herbert Larsen, conductor, was wounded slightly by four bullets. The watchman, recovered from a blow on the head, loaded the wounded men on the car and ran it to a hospital. The car was riddled with bullets. The robbers escaped.

Arbitration of the Railroad Wage Controversy

Will Begin in Washington on Wed- nesday--Proceedings are Ac- cording to the Esch-Cum- mins Bill

(By United Press)
Washington, March 8--Arbitration of the railroad wage controversy contained in the terms of the Esch-Cummins law will start here Wednesday, it was announced today.

Representatives of the railroads and two million union workers will meet here. The findings and recommendation of this joint commission must be ratified by the labor board established by railroad law. Negotiations for the appointment of this board will be carried on by the union and the railroads.

Railroads Win Important Suit

Present Valuation of Right of Way, Not What It Cost, Must be Considered

(By United Press)
Washington, March 8--The railroads of the country in the supreme court today won their suit to compel the interstate commerce committee in fixing valuation of right of way to accept the present value of right of way and terminals instead of the original costs.

Republican National Committee Meets

(By United Press)
Chicago, March 8--The republican national committee went into session here today to complete preliminary plans for the national convention here June 8.

Will H. Hayes, republican national chairman attended the meeting. In a brief opening speech to the committee men, Hayes declared: "I have repeatedly stated my belief that the duty of the chairman of the national committee is to elect the candidate and not to select him. I shall square my performance with my promise."

ANTHRACITE MINERS MEET TO NEGOTIATE NEW WAGE SCALE

Old Agreement Expires March 31-- If New Scale is Not Agreed on, They May Suspend Work

(By United Press)
New York, March 8--Representatives of anthracite miners in the preliminary meeting here today, were understood to have decided, in case their negotiations with the operators extend beyond April 1, to agree on the new wage scale, that "there may be suspension of work, but no strike," they said.

Officials of the tri-district executive board of the United Mine Workers of America, will meet with the operators tomorrow. At that time the miners will present their demands for a wage increase of about sixty per cent, a five-day week and six hour day and a closed shop in their district. The present wage scale expires March 31.

At tomorrow's meeting it is believed the miners and operators will appoint a sub-committee of two to four men. Each one will take up the miners' demands and attempt to reach an agreement before reporting back to the general conference.

Decide Today Strike Call

Representatives of the Brotherhood of Maintenance Meeting to To- day to Decide Action

(By United Press)
Chicago, March 8--Representatives of the Brotherhood of Maintenance of Ways employees and railroad shop laborers will decide today whether to call the 400,000 members of the organization out on strike, it was announced when they resumed their general conference here today.

Demands of the brotherhood for increased wages were first presented six months ago. Action was delayed by request of President Wilson.

Newport, W. Va., March 8--The destroyer Dale arrived here shortly after noon today with forty of the crew of the steamer Guilford which sunk yesterday.

Legal Battle for Constitutional Prohibition is On

Hearing on Questions Affecting the Eighteenth Amendment Being Heard in Supreme Court

(By United Press)
Washington, March 8--The validity of constitutional prohibition will be fought out in a legal battle of attorneys for the federal government, the dry states, the wet states and the liquor interests in the United States supreme court today. A decision is not expected before April 1 or later.

One of the greatest attacks ever made on any statute of any part of the constitution has been directed against the dry laws by the wet forces. It has drawn a vigorous defense of prohibition from the federal government and the dry organization.

The issue today centers on whether prohibition is a valid subject for an amendment to the constitution and whether the Volstead law enforcing the amendment is constitutional. Probably twenty-five angles of attack have been launched against the two.

The contest of prohibition has developed into a legal battle between various states and between the federal government. The issue is in reality states right, and is similar to the historic question of the civil war days. In fact one of the briefs for the liquor interests declare the issue made before the court is more important than the famous dread Scott decision which upheld states right before the war.

Steamer Sinks in Lake Michigan

Passengers and Crew Numbering Nearly Fifty Persons, Were Rescued

(By United Press)
Milwaukee, Wis., March 8--The Pere Marquette line steamer No. 3, a nine hundred ton passenger and freight packet, sank one-half mile off the entrance to the harbor at Ludington, Mich., at one o'clock this morning.

The crew of thirty-five persons and about a dozen passengers were rescued. The steamer left Milwaukee about one o'clock Sunday morning in company with the Car Ferry No. 18. Both became stuck in the ice off the entrance to the Ludington harbor. The shock of striking the ice is thought to have torn a hole in the wooden vessel. Passengers and crew made their way across the ice in the dark to the Car Ferry.

No lives were lost and the Car Ferry was reported not in danger.

First Presidential Primary Tomorrow in New Hampshire

(United Press)
Concord, N. H., March 8--New Hampshire tomorrow will hold the first state presidential primary of the present campaign.

With the exception of one candidate for delegate-at-large who has declared for Hiram Johnson, the republican forces favor Major General Wood. Democrats have a delegation at large unpledged while of the five candidates for the four district conventions, three are pledged to Hoover.

At the Best Today

The master mind of the world of
crookdom was unquestionably The
Shadow, leader of a New York band
of super-felons. The one bright spot
in The Shadow's evil life was Morn
Light, a little musical comedy queen.
To all intent she retained the love
that the crook bestowed on her—but
her sham was all for a purpose.

She owed The Shadow nothing but
vengeance for the death of her father.
But he was repaid a hundred
fold before he found death in the
black waters of lower New York bay.
The Shadow is one of the complicat-
ing factors in "Loat," the new photo-

Like An Electric Plant

The nerve force which controls the human body is similar to an electric
light or phone system. The central station is in the brain—the trunk
line or cable is the spinal cord from which the branches pass thru the
spinal bone openings to all parts of the body. If the bones press the
nerves it is like turning off the switch—the nerve supply is impaired.
Then the Chiropractor finds the switch that has been turned off or tam-
pered with, adjusts the obstruction and Nature again turns on the power.

NORMAL TRAINING STARTS MARCH 15

Department of High School Ready Then for Classes for Beginners at Two Schools

WEST BRAINERD SCHOOL OPEN

Has Enrollment of 26 Pupils First. Second, Third Grades—Mrs. Adelaide Smiley Teacher (By W. C. Cobb, Supt. of City Schools)

On Monday, March 15th, the Normal Training department will be ready to start classes for beginners at the Whittier and Washington schools, for afternoon sessions, only. These classes are for six year old children, but in case the number of six year old children does not exceed the number that can be cared for by the Normal Training department, a limited number of those who are nearly six years old may be enrolled at the discretion of Miss Reid, the Normal Training Director.

Parents of children ready to enter these beginning classes should as soon as possible have their names registered with the principal, Miss Barrett, at the Whittier and the office clerk at the high school building, giving age and date of birth.

Since these classes are organized under the direction of the Normal Training department, which is supported wholly by the state, it will be necessary for parents to remember that children cannot enter these classes at any time to suit their convenience but that they are expected to enter on the opening day and be present regularly, unless prevented by a good and sufficient reason.

If the number at either building should exceed the established quota for normal training departments, they will be accepted in the order of their ages.

The new West Brainerd school was opened up on Monday, March 1st, and at the present time have an enrollment of about 26 pupils in grades first, second and third. Mrs. Adelaide Smiley is in charge of this school.

The state examination in grade subjects will be offered beginning March 18th, and parents of pupils in the eighth grades would do well to see to it that home study hours are properly observed preparatory to these examinations.

The spring vacation this year will begin on Friday evening, March 26, and continue during Holy Week, reopening on Monday, April 5th.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for a list of testimonials.

MRS. R. R. HOOPMAN

Wins 100 Lb. Sack Sugar in Blue Ribbon Contest of Brainerd Wholesale Grocery

A hundred or more ladies were present at the drawing Saturday afternoon at the H. P. Dunn drug store when the sack of sugar, given as a prize by the Brainerd Wholesale Grocery to the lucky one, was awarded to Mrs. R. R. Hoopman, Rt. 1, Box 18. The only qualification necessary to enter the contest was to buy Blue Ribbon Coffee and file the wrappers at the drug store.

So successful has the contest been, which was started in February and terminated on March 6, that the Brainerd Wholesale Grocery will announce another with more sugar and other prizes to stimulate the purchase of Blue Ribbon coffee.

THE SCHALL SPEECH

While the speech made by Thomas D. Schall last Saturday night seemed to please the audience of about 150 citizens, he wholly failed to discuss seriously the issues now before the country and what the present candidates stand for.

His speech was supposed to be on behalf of the candidacy of Hiram Johnson who bases the same largely on his opposition to the League of Nations covenant in any form, with or without reservations and not on the question of what these reservations should be. Actually the speech was given in praise of himself and incidentally Hiram Johnson, and in bitter, unjust condemnation of, and absolutely false statements about all the other candidate both democratic and republican. Mr. Schall is an eloquent talker, and it is unfortunate indeed, that he has not seen fit to use his talent in honest statement and forceful but fair arguments.

Except where the mind has been poisoned by false propaganda prepared by false leaders, the average American citizen wants to hear all sides of political questions and above all wants fair play.

Mr. Schall made the statement that the backers of the Wood campaign are spending \$300,000 in Minnesota, when he knows that this statement is false and that not one-hundredth of this amount will be spent here, and he knows that Mr. Johnson's friends and admirers are contributing large amounts of money for his campaign the same as for Leonard Wood and all the other candidates. This expense is necessary to obtain publicity. He accused McAdoo, Pershing and

Hoover of being more British than American. If what he said about them and the other candidates, with the exception of Wood, is true, none of them are fit to be American citizens. It was interesting to note that he made no criticism of the ability, character or honesty of Leonard Wood.

All of the men mentioned as nominees of either party for the presidency are men of ability and personal honesty. Mud slinging, misrepresentation and false statement will not gain votes for Hiram Johnson.

DAYLIGHT SAVING

The agitation for the daylight saving plan apparently continues in many of the cities.

When the plan was nationally in effect it probably met with the approval of a majority of the people in the cities although it was almost universally opposed by the farmers.

While there is much to say in its favor when applied to the whole country it is difficult to see wherein it can be of any benefit locally applied. Railroads would of necessity run on standard time and confusion would be bound to follow. Duluth has turned it down but it still seems to be an issue in the Twin Cities.

"RAINBOW" SUGAR

"Rainbow" Sugar, a new and beautifully tinted product is now on the market according to the press reports and the department of agriculture, after thorough investigation, has failed to find anything wrong with it unless it can be the lack of it.

This is only another evidence of the tendency to produce something new to appease faded appetites.

By the way, does anyone know of anyone getting too much of the plain white granulated at 25 cents and ever upward a pound.

WHY THEY VOTED WET

Possibly the New England folks, if the results of their local elections can be relied upon, are experiencing a reaction from the wood alcohol jags reported from there a while ago.

SUNDAY SCHOOLS OF THE CITY

Salvation Army

The program and banquet for the winning class in the Sunday school contest, was a success. The snow storm kept some away but in spite of this there were over 50 in attendance. Everything went with a vim, that gave a pleasing climax. A new contest starts March 14th, "the red and blue." From all indications this will be as successful as the former contest which doubled our Sunday school.

Bethany Sunday School

Owing to the illness of Superintendent K. S. Bredenberg, Assistant Superintendent Oscar Swanson was in charge.

The attendance continues to increase every Sunday, but there is still room for many more scholars in each class. The Philaca class had a larger attendance than has been present for some time.

The Boys Club, Oscar Swanson teacher, will have a class meeting tomorrow evening at the home of their teacher, 329 Third Avenue, North-east.

Next Sunday a special effort will be made to break all attendance records.

First Congregational Sunday School

One of the main things noticed in yesterday's session was the marked increase in attendance.

The lesson period was devoted to Missionary study under the direction of Mrs. Slipp. Papers were read by Miss Maebelle Greweox and Marguerite Carmichael, and short talks were given by Prof. Wilson, the Misses Alice Johnstone, Dorothy Carmichael, and Corna Stickney. The main theme of the study was the retaking of the Holy Land, especially Jerusalem in the recent war, bringing out how much we can and must help these people who have so long been retarded by the Moslem oppression. Conditions have already been improved somewhat and will be still more. We must do our part to help in this work.

The teachers will meet this evening at the home of Miss Maebelle Greweox.

The Study class will meet at the parsonage on Wednesday at 4:15 o'clock.

First Baptist Bible School

Mr. Tracy's class are outgrowing their class room. A good indication that larger school quarters are needed.

The Alpha class will hold their regular monthly meeting tonight at the home of Miss Ethel Angel, South Seventh St. Every member and friend of the class is urged to be present.

Miss Edith McKinney has returned to her class of girls, having been absent on account of illness.

Many who have been ill have returned to their classes.

The Easter missionary program is progressing nicely and indications are that the school will have a great day Easter Sunday.

Mr. Tracy's class will hold their regular meeting Tuesday evening at the home of Bruce Hayes, on Holly street.

The workers conference held on Friday night was well attended by the officers and teachers. Many plans for the school were considered and will be worked out in the near future.

The school is waiting anxiously for the suggestive plans of the new school-work-shop from Mr. Harry W. Jones of Minneapolis.

Zion Evangelical Sunday School

All our classes except the beginners and primary, are organized.

The beginning of the month is the time of most class meetings.

The "Buds of Promise" met in the church and elected their officers:

President—Dorothy Shepherd.
Vice President—Alice Benson.
Secretary—Charlotte Gilford.
Treasurer—Alice Anderson.
Secretary and Treasurer—Christine Hanson.

Pianist—Alice Anderson.
Assistant Pianist—Gladys Sartwell.

The Perseverance class met last Friday at the home of Mr. and Mrs. W. A. Smith, 604 Oak street. It was largely attended. Business, a social time and a dainty lunch took up the evening. This class will try to double its membership this year.

The 117 Try class met last Friday at the home of Miss Esther Krueger.

This week, Tuesday, the Sincerity class will meet at the home of S. H. Wooden, 1007 6th Ave. This meeting was postponed last week on account of the storm.

The Busy Bees will meet Friday at the home of their teacher, Mrs. E. Hauke, 509 Oak St.

A Workers meeting is scheduled for Wednesday evening in the church. Easter and the Forward Movement

will be the principal objects of discussion.

Yesterday sixteen new names were added to the Cradle Roll. This was observed with appropriate exercises by the primary department.

Our teaching force has been handicapped by sickness. Yesterday we had the pleasure of seeing everyone at their post.

Methodist Church School

The attendance Sunday was 188.

The intermediate department girls are at work in social service activities. Their needles are being kept busy making garments for needy cases. The boys are already making things which will delight the hearts of children at a little later date.

The Senior department program yesterday was the first number of a series of programs leading up to Easter. This will be continued until Easter.

Miss Selma Benson now announces that after promoting all four year olds into the beginners department that there still remains 89 on the cradle roll. Call her up at 372-M if you have a baby that properly belongs on the Methodist Cradle Roll.

longs on the Methodist Cradle Roll.

The Junior department is doing most excellent work under the supervision of Mrs. G. E. Lammon. An exhibit of the work done by this department and the primary department under Mrs. E. A. Cooke's excellent supervision, will be made at the close of this month. Parents should plan to see this.

The intermediate department held their monthly sociable at the church on Friday night.

Helen Lammon at the piano and Emmajean Clarkson and Miriam Michael, violins, make excellent music in the Junior department.

The last lessons in "The Methodist Church and its Work," will be taken by the training class Thursday night and the examination will be given a few days later.

The Philathea class has decided to adopt a training class book as their text, which will add more to the number who are "Training for Service."

The superintendent has been called to four other schools, since the first of the year, to assist them in putting their schools on a more efficient basis.

PAVEMENT CATECHISM

What is a pavement?

A floor or covering of solid material, laid so as to make a hard and convenient surface to travel over.

What is a bituminous road binder?

A heavy viscous, water proofing material of great bonding strength and containing a large per cent of bitumen like coal tar or asphalt.

How are such binders used in road building?

Generally by incorporating the bituminous binder in the body of the road with various sizes of crushed rock, sand etc, thus making a strong, smooth and practically dustless surface.

What is

TARVIA?

Tarvia is a bituminous road binder, scientifically prepared by properly blending and refining different coal tars.

How long has Tarvia been used for constructing pavements?

Streets built of this material from ten to fifteen years ago have carried a heavy traffic all these years and are in excellent condition today.

Where are these streets?

In various parts of the United States aggregating hundreds of miles.

Name some of them?

Among the first ones built are the following: in metropolitan Boston where this specification originated, Commonwealth Avenue, Newton, Mass.; Beacon Street, Brookline, Mass.; Harvard Street, Cambridge, Mass.; Highland Ave, Somerville, Mass.

How much traffic do these greater Boston streets get?

None of them less than 2000 automobiles, trucks and teams per day and some of them as high as ten thousand vehicles a day.

With what officials may one correspond to verify these statements?

E. C. Stuart, street commissioner, Newton, Mass.; Michael Driscoll, Supt. of Streets, Brookline, Mass.; J. A. Ferguson, Superintendent of Streets, Cambridge, Mass.; and Asa Prichard, Street Commissioner, Somerville, Mass.

Are there any large cities in the Middle West with a large mileage of Tarvia street?

Yes Milwaukee, Wis., has over one hundred miles, Madison, Wis. has a large mileage. There is also a good mileage in the Twin Cities where it is planned to build about twenty miles as soon as possible.

How much do these streets cost?

Over \$20,000 can be saved by building 21,000 yards of Tarvia pavement on Oak Street over what it would cost to build any other pavement being considered for the work.

Will the State Highway Department approve this form of construction?

Yes, and, if the Babcock bill becomes a law, will reimburse for it exactly the same degree as for any other pavement.

Who is responsible for Tarvia pavements?

A national corporation known as

The Barrett Company

with plants at the following places:

New York	Chicago	Philadelphia
St. Louis	Cleveland	Pittsburg
Detroit	New Orleans	Kansas City
Minneapolis	Nashville	Seattle
Boston		
Cincinnati

NO BIDS AWARDED ON PAVING CONTRACT

Five Bidders at Saturday Session of County Commissioners, Oak Street 13 Block Job

TARVIA, CONCRETE, BITHULITIC
Referred to County Engineer and State Highway Department, Council Meets Monday

Bids for paving Oak street from Sixth to Nineteenth streets were opened at the Saturday session of the county commissioners.

The two concrete bidders were McCree, Moos & Co., of St. Paul, and Ed Johnson & Son of Superior, Wis. The two bithulitic bidders were Warren Bros. of Boston and General Contracting Co. of Minneapolis. The Tarvia bidder was the Campbell Construction Co. of Superior, Wis.

The bids were turned over to the county engineer's office to gain exact data from the various reservations and concessions in the bids. Then they were submitted to the state highway department.

The city council will also consider the paving at this Monday night meeting. On Friday the county commissioners will take final action in the paving matter.

ADVERTISE IN THE DISPATCH

TREATY HAMMERED BY CONG. SCHALL

Tenth District Representative of Minneapolis on the Stump for Senator Hiram W. Johnson

REPUB. CENTRAL COMMITTEE
Scored by Schall for Not Giving Other Candidates a Showing

An audience of 300 greeted Congressman Thomas D. Schall of Minneapolis at Gardner auditorium on Saturday evening as he advanced arguments as to why Senator Hiram W. Johnson of California should be the republican nominee for president.

The speaker was introduced by former Senator George H. Gardner of Brainerd.

In his address Congressman Schall paid his respects to the republican state central committee, claiming that body was working in the interests of General Wood only and not treating other republican candidates fairly.

He hammered General Pershing's war record and referred to him as "Sir" John Pershing. The speaker claimed it was against the constitution to accept such knightly honors or decorations from any foreign potentate, as had been done by Pershing.

He said Chairman Gustaf Lindquist of the republican state central committee had practically disfranchised the farmers from participating in the republican caucus by making the time of voting the hour of the evening when farmers were busiest with their chores at home.

Congressman Schall was very outspoken in his denunciation of the coalition law now before congress. It was entirely unnecessary legislation, he said.

He referred to the League of Nations as a League of Nations. He lambasted the treaty, following in that line the general arguments as used by Senator Hiram W. Johnson. He referred to the British preponderance in voting strength, being six when all its dominions were marshalled, as against the lone vote of the United States, which thus was on a parity with the one vote each of Canada, of India, of Australia, of New Zealand, etc.

MORRIS SCORES INFRACTIONS OF VOLSTEAD LAWS

Sentences Three Men to Bemidji Jail. Warns Others; Eight Pleas of Guilty

Duluth, March 7.—"Twenty years from now the illegal sale of liquor will be looked upon not only as a violation of the law, but the people of this country will consider it as great disgrace as stealing," Judge Page Morris told John Beaton, Robert Blossingham and Terrence Lennon Saturday as he sentenced them to 30-day terms at the Beltrami county jail. They are the first to be sentenced in this division of United States district court for alleged violation of the Volstead prohibition act, and pleaded guilty to having sold liquor at Ranier, near the international boundary line.

"Now I don't want you men to go back and tell your friends that you got off easy," Judge Morris told the defendants as they were lined up before the bench. "For I give you fair warning that the laws of this country are going to be obeyed, and the next man who is found guilty of selling liquor is going to get a jolt that he will remember."

Four Plead Guilty

Four members of an alleged conspiracy to introduce liquor into Indian territory in wholesale quantities, pleaded guilty before Judge Morris Saturday, John J. Crowell, former government revenue officer, Joseph Dabronick, Louis Smilich and Dan Dike, all of Brainerd, were named in the indictment.

The defendants will be sentenced July 3, Judge Morris having granted an appeal made by W. H. Crowell, city attorney of Brainerd, who asserted that his brother, one of the defendants, was about to undergo an operation for cancer upon which his life depended. Another of the defendants, Dan Dike, asked for a stay of sentence, stating that he has six daughters, three of whom attend the Brainerd high school, for whose care he would have to arrange before entering the penitentiary.

The court decided to withhold sentence until July 3, but assured the defendants that they might expect "a sentence in proportion to the gravity of the charge upon which they had pleaded guilty" at that time. It is alleged that the men attempted to bribe Leo Mayer, internal revenue agent at Brainerd. Mayer accepted \$25 and then reported the case to Alfred Jaques, United States district attorney who advised him to continue in the confidence of the men, and laid plans for their arrest. The men had placed orders for whiskey in several counties, and as far west as Detroit, Minn., in Becker county, according to Mr. Jaques.

Joseph Bartogliatti, who pleaded guilty to having six gallons of whiskey in his possession, was sentenced to pay a \$100 fine and serve 60 days in the Itasca county jail.

L. J. BRICKER PASSED TO REWARD

L. J. Bricker of St. Paul, superintendent of agriculture of the Northern Pacific railway company under U. S. railway administration and formerly general immigration agent of the Northern Pacific, died Sunday at a local hospital from inflammation of the heart. He leaves a wife and daughter, Mrs. F. C. Peters of Montana. He was connected with the Northern Pacific 15 years and previously in the same capacity 17 years with the Burlington road.

A private car set out by the railway company at the hospital will take the body and funeral party to St. Paul.

BIDS WANTED

Bids will be received for redecorating the interior of the Bethlehem Evangelical church, corner Main and Huff. All bids must be in by March 13. The right to reject any or all bids is reserved.

Better to be On the Safe Side

Nearly everybody at some time or other suffers from backache, sore muscles, swollen joints, rheumatic pains or other symptoms of kidney and bladder ailments. These may not be serious, but it certainly pays to be on the safe side. Foley Kidney Pills strengthen and invigorate kidneys and bladder and help them to do their work. H. P. Dunn.

A Great Big Sale of Georgette Waists and Silk Petticoats

Saturday, March 13th at 1 p. m.

H. F. Michael Co.

We are anticipating a crowd Saturday such as is seldom seen in Brainerd stores. We have an event which we believe will bring women out.

At 1 o'clock Saturday we shall offer georgette waists and jersey silk top petticoats so cheap that women will come for them by the hundreds.

There will be but a limited number of garments to sell. When these are sold the sale closes, no more can be had.

A very advantageous purchase makes this sale possible—it is a rare thing in these days of high prices. We shall say more about it tomorrow.

DESERTION ALLEGED

By Wives Who Have Filed Divorce Actions Against Their Spouses in District Court

Desertion appears to be the prime cause in actions for divorce pending in district court.

Louise Code has filed suit for divorce against Leo Code. They were married August 16, 1908 in Brainerd. Plaintiff is 39 and the defendant 32. The children are Donald age 12, Keythe age 11, Leown age 9. In 1917, says the complaint, the defendant without cause deserted and abandoned the plaintiff and she has been compelled to support herself and with the aid of friends and relatives. She asks complete divorce and the custody of the children. M. E. Ryan is her attorney.

Theresa Bell has filed suit for divorce against Edward Bell. They were married September 12, 1913 in Brainerd. The plaintiff is 33 and defendant 33. There is one child, Lester, age 3. On April 21, 1917, alleged in complaint the defendant deserted the plaintiff. She asks for a divorce and the custody of her child. Gustav Halvorsen is her attorney.

Rose Toczlosky has filed suit for divorce against Frank Toczlosky. They were married May 2, 1899 in Virginia, Minn. Plaintiff is 36 and defendant 52. On or about July, 1909, recites the complaint, the defendant willfully deserted her. After marriage the defendant had treated her in cruel manner, states the complaint, by knocking her down, using profane and vulgar language. On three occasions, it is alleged, defendant was arrested and convicted of striking plaintiff and using vulgar language. One of such arrests it is claimed occurred at Virginia, Minn., and two at Sparta, Minn. There are three children, Frances 19, Minnie 17, Myra 14. Walter F. Wieland is her attorney.

Margaret May Rockwell has filed suit for divorce against James White Rockwell. They were married August 2, 1915 in Moorhead. Plaintiff is 27 and defendant 64. There is a young child Verna Evalyne. Complaint recites that at Beridder, Louisiana, he deserted her in August, 1917. She asks divorce, custody of child, and that he support her and child during pendency of the suit and pay attorney's fees. W. H. Crowell is her attorney.

NOTICE

LABOR NEWS

A. F. of L. Praised
For Freedom Fight

Lawrence, Kan., March 1.—“We are indeed pleased to see the officers of the American Federation of Labor take the stand they do,” writes Editor Albach of the Lawrence Democrat, in referring to organized labor's opposition to sedition legislation.

“It is a healthy sign of true Americanism,” continues the editor. “One hears much about teaching Americanism these days, and all such efforts are directed toward the poor and ignorant foreigners. Might it not be well to direct some efforts toward teaching Americanism among our ‘upper 400,’ and among our own lawmakers?”

“Only once before in the history of our country was such a law seriously considered, and that was during the administration of President John Adams, in 1798, says the editor.

“The alien and sedition law then enacted gave the president power to deport any and all persons whom he deemed inimical to the welfare of the country. The same law placed heavy fines and prison terms against all persons opposing the government and its laws, and who spoke or printed anything that stirred up hatred or enmity against any federal official. The law accomplished just one thing, namely, the downfall of the political party responsible for its enactment.

“This established a land-mark beyond which it is unsafe for the law-making power to go.

“All progress in this old world of ours can trace its beginning to minority opposition. Therefore, we Americans, believers of democracy, should not only welcome, but we should encourage criticism and opposition.”

Says Old Is New

Chicago, March 1.—With all the enthusiasm of a child that has discovered a new toy, Governor Allen of Kansas explained the “can't strike” law of that state before a meeting of the Chicago Bar association.

The governor has the feudal outlook toward workers. He said society has the same right of protection against industrial differences as it has against recognized crime.

Under the law three appointees of the governor will tell workers what wages they shall receive and if they refuse will be jailed and fined.

This middle ages system is now declared by the Kansas executive to be a new thing.

No Raise; Can't Quit

New Haven, Conn., March 1.—Public school teachers are demanding wage increases to meet living costs, and lawyers point out that the law does not permit wages of municipal employees under contract being raised. And it is also shown that it would not be honorable for the teachers to violate their contract with the board of education.

Fire Prevention Course

St. Paul, March 8.—A course of study in fire prevention will be introduced in public schools of Minnesota beginning next fall. G. H. Nettleton, state fire marshal, who has suggested this, today received the approval of the state board of education on his plan. The course of study will start with the graded schools and will deal with the cause and effect of fire and how to overcome it.

You Can't Be Too Careful

Elsie O'Brien, R. F. D. 7, Vincennes, Ind., writes: “One bottle of Foley's Honey and Tar broke up my cold right away.” It relieves coughs, colds, croup and whooping cough; clears the passages, soothes irritated membranes and stops tickling in the throat. Foley's is the original and genuine Honey and Tar. H. P. Dunn.
